ClarisWorks Super Weekend

ClarisWorks is a powerful, integrated software package which is included on many models of the Macintosh computer. It includes many of the tools which are essential for use in small businesses and in the home. Often, it is the only software package needed on a home computer system. Topics: •Word processing •Spreadsheet •Database •Graphics. In each of the modules, the basics of creating, formatting, saving, and printing of documents will be covered. Along with the basics in each module, the integration of data from each module to the other will be covered. **Bring a new 3 1/2" high-density diskette to class.**

Friday - Sunday, April 19 - 21

Friday—6:30 - 9:30 p.m.
Saturday—3 - 6 p.m.
Sunday—9 a.m. - 4 p.m.
